

SLEEVING at

WATERLOO CONTAINER

Supplier of Wine Bottles, Caps, Corks and Closures

Wear Your Passion on Your Sleeve!

You've worked hard to bring your product to market – Make sure it gets into the shopping cart! Take advantage of the versatility of 360° graphics to sell your product from every angle. Sleeving is a cost effective method of labeling that can transform an ordinary bottle, making it look rich with color, design, feel and coverage.

Call our Sleeving Representative for more information on how to show your passion for what you do with:

- Unlimited color combinations, foils, mattes, clear cutaways and special effects possible.
- 360° design possibilities with eye catching results.
- Bottles arrive ready to fill (no labels, glue, labor.)
- Faster turnaround with our automated sleeve applicator.

Turn the mundane into the exceptional with a sleeving solution from Waterloo Container today.
